

**INTERNSHIP DIGITAL STORYTELLING**  
for period starting September 2017

**About the organization:**

Are you looking for a challenging and creative internship in a *hands-on* work environment? Then VERTOV is your place to be!

VERTOV is a young creative agency, specializing in digital storytelling, affiliated with Coebergh Communications & PR, one of the leading PR agencies in the Netherlands. Together they aim to strengthen to the positioning and branding of organizations, brands, products and people. VERTOV enriches the work of marketers, PR professionals and social media experts via digital storytelling. The power of telling stories has been harnessed for centuries, but the current digital age creates a myriad of new possibilities. VERTOV invents and produces television shows, films, commercials, online movies, and social media campaigns.

**The job description:**

Are you creative and savvy in digital media, do you have an eye for (online) design, are you willing to work hard to get things done? Then apply for our internship digital storytelling. As an intern, you'll support the creative director of VERTOV, become actively involved in the (creative) process and gain experience on film sets, postproduction workflows and PR events. The specific work assignments will be tailored according to your knowledge and experience, but we do expect sufficient affinity to work on designs/development of websites, campaigns, graphics, video and/or presentations. And the ability to run content on several Social Media accounts, with text/copy and images.

We also expect you to help out with practical and organizational projects, and function as a suitable representative of our agency in the chance of any direct client or supplier contact. We seek a highly motivated student who doesn't give up easily, who has a collegial, positive attitude and a broad general education. VERTOV is a dynamic company in the startup phase, so there is a lot of freedom, requiring personal initiative and creativity.

**Facilities for the student:**

- \* PC
- \* Workspace

**Internship compensation:**

€ 300 per month
